

Only You Can Help Them

By: Pastor Lorenzo Hargrove

The Beginning in the year 1994

In the year 1994, I was fourteen years of age, when I was living with my grandmother, Mattie Hargrove. One summer evening, in my room, I needed answers concerning my life. So, I gave God a try. I began to talk to God, whom I never knew existed. I began to ask God, "If you are Jesus, speak to me." I did not realize I was praying to an invisible being, whom my grandmother always prayed to.

The Lord Spoke To me

The Lord spoke to me audibly while I slept that same night. I asked him if he was Jesus, and if he was God. The Lord said to me, "Only you can help them." In my dream, he showed me a vision of people standing in a straight line with their backs turned towards me. I was unable to see their faces. I jumped out of bed in haste to turn the light on to see if someone was in the room playing with me. I realized no one was in the room, and my grandparents were asleep. I looked at the clock, and it read 03:00 a.m. It was late and dark outside. I was afraid.

Hasted to Grandmother's Bedroom

When the Lord spoke to me from the inside and said, "Do not open the door," I sat on the floor in my bedroom and waited for daybreak or for the sun to rise so that some light could come through the window before I could go and tell my grandmother what I heard.

Going To Church with Grandmother

After I told my grandmother, Mattie, that the Lord spoke to me, my grandmother said to me, "You're going to the church with me to meet my pastor, the reverend, O' Barry Clark of Greater Saint Luke Disciple of Christ Church." I met my grandmother's pastor and a deacon for the first time that day and shared with him about the experience and dream I had about Jesus.

Spiritual Battle with Demons

When I shared my spiritual experience with my grandmother's pastor, he told me to go back until the Lord speaks to me again, then come back and tell him. After church service was over, I went back home with my grandmother. But when I was getting ready for bed, I encountered demons coming into my bedroom to attack me.

Demons continue to come into my room. But I realized these were demons of my fear, shame, lust, pride, and many other things I struggled with. So, I began to get stronger in my faith to defeat these demons, who were my enemies.

Accepting the Call to Preach

After fighting against demons, the Lord showed me in a vision that I was in the pulpit at my grandmother's church preaching. But it sounded like I was speaking in tongues that I had never spoken before.

Accepting the Call to Preach Part 4

After thanking and praising God for calling me and choosing me to preach and do His will. And after several months, weeks, and days, I began to start telling everybody what the Lord had done for me. How the Lord spoke to me and filled me with the Holy Ghost and spoke in tongues. Praise God, what an experience!!!

Preaching The Gospel

After sharing with my family how the Lord spoke to me. And the spiritual experiences I had. I went to the house of the Lord on a Sunday to tell the pastor that the Lord had called me to preach.

Preaching The Gospel Part 2

Pastor Clark, who was installed as Bishop Clark, allowed me to sit with him in the pulpit. I was afraid but excited at the same time. Because of this new life in Christ, I felt refreshed and renewed in my spirit. Bishop Clark said to me, "I will set you up with a date to preach your first trial sermon and will license you as a minister of the Gospel of Jesus Christ."

Preaching The Gospel Part 3

In the process of Bishop Clark preparing for me to preach my trial sermon. Another pastor was installed to be the head of the church because Bishop Clark's health started failing him. I preached my first trial sermon, called "The Wise and the Foolish." I had to wait to get my license from the new pastor.

Life was different in school. I always took my Bible to school. I was a young minister of the gospel but wasn't licensed yet. The crowded classrooms and the rowdy classmates were something I was used to. The loud noise, running around class, not listening to the teacher, and constantly fighting — Strawberry Mansion Middle School was, I believe, the worst time trying to learn, but I got through it by reading my Bible in class.

Meeting My Spiritual Mentor

One Sunday morning, I met a minister by the name of Joseph Moon, who was much older than I was. Minister Moon had much experience with God. He said the Lord saved him from going to hell with fire in it. He was on heroin and cocaine, and when he overdosed and woke up, he was falling into hell. The Lord God picked him out of hell and gave him another chance.

Met My Wife who push out 11 children

Eight years have passed since then, and I met my wife, with whom I had eleven beautiful children.

Receive The Call To Prophecy

The Lord spoke to me a few years later, in 2009, and said, "You are a prophet, and you are needed very much."
